PROFESSIONAL SUMMARY

I am looking for work as a Software Engineer, hoping to solve problems through writing code. I have experience developing code in a team environment, and hope to gain more using my problem-solving and analytical abilities. I am a graduate with a degree in computer science and have a desire to use the skills I've gained in my education, as well as develop new ones.

SKILLS

- Python
- Java
- SQL

- C++
- Unix
- Microsoft Office Suite

PROFESSIONAL EXPERIENCE

- Freelance Web Developer with knowledge of CSS and HTML.

Extracurricular Activities

- Participated in SDSU Cyber Defense Club, where I attended workshops teaching about cyber security concepts and participated in team-building exercises.

Projects

- Created a 3D game project using GitHub and Unity, as well as a 2D project in Unity.
- Set up a basic Unix mailing system over several virtual machines.
- Experience researching and presenting on technical computer science topics.

EDUCATION & ACHIEVEMENTS

Bachelor of Science - Computer Science, Graduated 05/2022
San Diego State University - San Diego, CA
Eagle Scout - Achieved 2016
